Marc's Adoption Story

Dear Charlie,

We were on pins and needles waiting to adopt our little boy from Guatemala. We were so anxious to get baby Marc home.

The Crawford Family

We can’t express how happy we were the day we got to bring Marc home. Our baby is happy and our family is complete in large part because of you and your staff.

Thanks so much for your help.

Your caseworker, Joy, followed our case every step of the way. In the middle of our adoption process, the Guatemalan government announced that new rules would quickly take effect that would have drastically slowed our adoption process. Joy continually checked with the embassy to confirm the deadline and to make sure our case reached an officer at the embassy before the rules took effect so that our adoption was not slowed down.

Sincerely,
Kevin Crawford and Carol Crawford

Becky's Passport Story

Dear Charlie,

Emma

I cannot begin to express my gratitude for your diligence in obtaining my passport in time for my trip to Guatemala…the first time I held Emma. You are directly responsible for that miraculous moment! I enclosed a photo so you could see why we cannot wait to bring her home. She is adorable!

I relay the story of your assistance to anyone who will listen. Thank you so much for making this happen.

Sincerely,
Betty Nichols
